3. POLICY

The Administration shall have authority to set and to update user fees/user fee rates in accordance with the criteria set out in this Policy.

3.1 User Fee Rates - user fees for City-sponsored leisure programs will be set at levels that reflect the purpose, value and quality of the service provided, and targeted participation/spectatorship levels. Consideration will be given to the impact such fees may have on comparable private sector services.

a) Structured Activities - the fees for Structured Activities shall be set to achieve full cost-recovery. The fee structure shall be:

- i) Adult (19 years of age and older) - base rate,
- ii) Youth (ages 6 to 18 years inclusive) - 75% of base rate,
- iii) Pre-school (5 years and under) - free admission.

b) General Admission Programs - the fees for General Admission Programs shall be set to recover 75% of the total cost of providing the service. The fee structure shall be:

- i) Adult (19 years of age and older) - base rate,
- ii) Youth (ages 6 to 18 years inclusive) - 60% of base rate,
- iii) Pre-school (5 years and under) - free admission.

3.2 Fully-Subsidized Services - user fees will not, (subject to budget and resource allocation approved by City Council), be charged for programs identified as "Basic Services". A basic service is one that:

a) Addresses a concern or problem that affects the community-at-large and generates, thereby, a benefit to the general public.

b) Addresses a need for a standard of service expressed by a specific target group representing a large portion of the community.

3.3 Partially-Subsidized Services - notwithstanding 3.1 above, and subject to budget and resource allocation approved by City Council, user fees may be set to recover less than the total cost of the services:

- a) When it is necessary to promote on a short term basis a program to attract new participants or spectators in order to maximize usage and increase patronage.
- b) When program costs to intended participants are considered prohibitive, yet it is necessary, because of the associated private and/or public benefits, to encourage their participation/ spectatorship.
- c) When it is necessary to promote family recreation and the encouragement of a leisure lifestyle for the family.
- d) When the program involves the development and/or use of advanced skills, the subsidy is reduced.
- e) When the program provides economic benefits and/or promotes tourism opportunities that benefit the community-at-large.

3.4 Maximum Subsidy - where subsidized fees are deemed important for reasons stated in section 3.3, the maximum subsidy to be provided to participants shall be:

- a) Adult - 20% of the base rate,

3.5 Accessibility Subsidy Program - notwithstanding 3.1 above, and subject to budget and resource allocation approved by City Council, user fees will not be charged when it is necessary to encourage participation by individuals and groups where the total cost of the program has been identified as being a barrier to participation. The following process for identifying individuals applies:

- A recognized special need, social service and senior citizen organization identifies to the Department individuals requiring assistance.
- The Department identifies individuals or groups requiring assistance.

3.6 Non-Subsidized Services - notwithstanding 3.1 above, user fee rates may be set to recover an amount equal to or greater than the total cost of the services:

- a) When other organizations provide similar services to the same target group. In such cases user fees may reflect market rates. Any surplus realized may be used to cross-subsidize other City sponsored leisure programs.
- b) When demand for a service substantially exceeds the capacity of a program. In such cases, any additional revenues received may be used to expand the program to satisfy the demand. Such program expansions can be provided by the City or outside organizations.
- c) When the City wishes to make a program more self-sufficient thereby encouraging other organizations (ie. non-profit, commercial) to invest in the program and assume responsibility for delivery.
- d) When the program is requested by a specific group and extends well beyond basic skill development/use and is not a basic service or subsidized service.
